

Kyrylo Tymchyshyn

Full-Stack Web Developer

I'm 21 years old and have over 1 year of experience in web technologies, databases, algorithms, and data structures. I hold a Bachelor's degree in Computer Science from the Ivan Franko National University of Lviv.

EDUCATION

Ivan Franko National University of Lviv — Bachelor Computer Science

SEPTEMBER 2021 – JUNE 2025

Lviv Academic Gymnasium — Secondary education

SEPTEMBER 2017 – JUNE 2021

EXPERIENCE

NextOne Technologies — Junior Full-Stack Developer

SEPTEMBER 2023 – DECEMBER 2023

At this job, I worked as a full-stack developer. It was a full-time job where I worked on two projects.

- The first project was a crypto trading website, where I was responsible for the front-end with React and plain CSS, and the back-end with Java, Spring Boot, and MySQL.
- The second project was the website for the banking union, where I was responsible for the front-end with React, MUI, Redux Toolkit, and API integration from the Visual Basic back-end.

ADVANCEMENTS

Bachelor's Work — LNU

OCTOBER 2024 – JUNE 2025

<https://github.com/Dunkelhaiser/maps-modelier>

A desktop application for the creation of interactive political maps. It was developed with TypeScript, Electron, React, Pixi.js, and SQLite.

Study Smart Hackathon — LNU, SoftServe

18-19 APRIL 2023

It was a team hackathon where each team developed a teacher evaluation system. My team of three took second place.

CodeCon — LNU, SoftServe

13-14 APRIL 2024

It was a team hackathon where each team developed an application to help volunteers and war victims. My team of five took fourth place.
